

National Medical Director's Clinical Fellow Scheme 2021-22

Launch communications for circulation

Thank you for promoting the National Medical Director's Clinical Fellow Scheme 2021/22. The scheme is an important opportunity for doctors in training to develop important skills required as clinical leaders of the future.

Please find below a short and long article for circulation through your communication channels including emails, mailshots or newsletters to trainee groups.

Please also find a promotional leaflet attached to the accompanying email which can be circulated as promotional material.

Applications open for National Medical Director's Clinical Fellow Scheme 2021/22

Applications are now invited for the National Medical Director's Clinical Fellow Scheme 2021/22.

The scheme provides doctors in training with a truly unique opportunity to gain experience and insight into **healthcare leadership, policy** and strategy by working with senior healthcare leaders and teams in national organisations.

Fellows spend one year out of clinical training, involved in and leading projects with national organisations including Health Education England, BMJ, Care Quality Commission, General Medical Council, Bupa, NHS Digital and NICE. As well as the knowledge gained from project, fellows gain skills in leadership, management, policy development, project management, communication, research and analysis and teamworking.

"The scheme is a transformative and life-changing opportunity for any health professional that wants to create change and impact in their workplaces and health system."

Dr Shivali Fulchand, Clinical Fellow 2019/20

The scheme is open to doctors in training from all specialties who have completed foundation training and will not gain CCT before 1 September 2021.

For further details on the scheme and eligibility, visit the [FMLM website](#), the deadline for applications is 13 January 2021.
